UCR STATE REPRICING

Usual and customary repricing using all-payor data and proprietary algorithms.

AUDIT

WellRithms meticulously examines healthcare bills to ensure every bill is accurate and error free, protecting payors from overpayment.

REPRICE

WellRithms reprices the medical services charged on healthcare bills, ensuring that payments align with fair market rates and industry standards.

PROTECT

Shield Indemnification™ allows for the transfer of all financial liability from the payor to WellRithms for provider payments in dispute.

AIR/GROUND AMBULANCE REPRICING

Air/Ground Ambulance Bill Repricing in 21 States

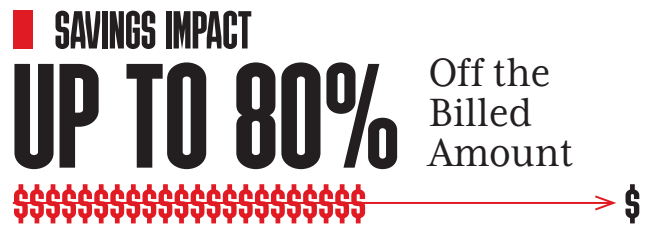

AR, CA, CO, CT, FL, ID, IN, IA, KS, MD, MT, NE, NH, NJ, NM, NY, NC, TN, UT, VA, WV

AN EASY WAY TO WORK WITH WELLRITHMS TODAY

Leverage WellRithms' industry experience to maximize savings.

Air and ground ambulance bills often come with hidden fees and egregious charges. WellRithms spots unbundled charges and assesses transport services based on medical necessity, ensuring that every bill is accurate before payment is made.

AUDIT

WellRithms meticulously examines ambulance bills to confirm pickup and drop off locations and identify unbundled charges that are inclusive.

REPRICE

With a UCR reimbursement specified for ambulance bills in many state fee schedules, we ensure that exorbitant charges are adjusted to align payments with fair market rates.

PROTECT

Shield Indemnification™ allows for the transfer of all financial liability from the payor to WellRithms for provider payments in dispute.

SHIELD INDEMNIFICATION™

Eliminate Financial Liability
And Protect Your Reserve Dollars

UNPRECEDENTED PROTECTION

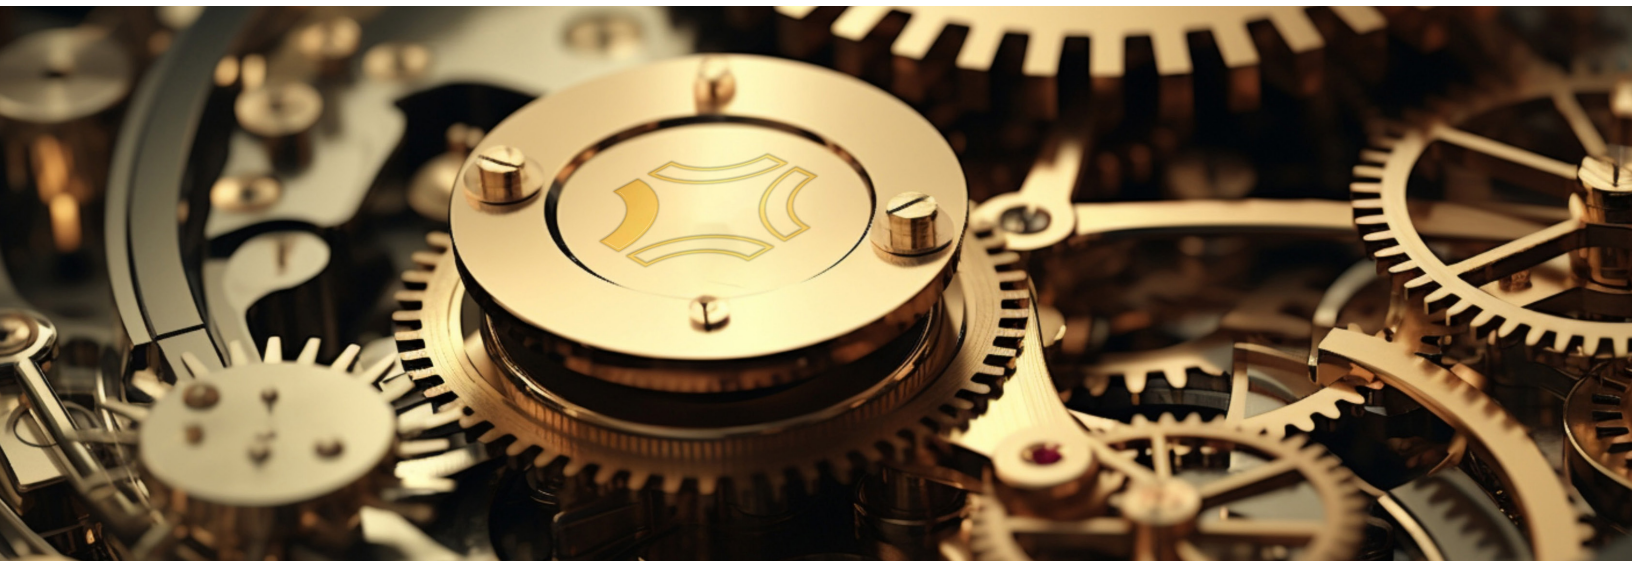

Shield Indemnification™ offers unparalleled protection against the financial risks associated with medical billing errors and overcharges. Our product ensures that payors are safeguarded from the economic impact of provider disputes.

- **Financial Security:** Guarantees financial protection by covering the costs associated with disputes over medical bill overcharges.
- **Risk Transfer:** Financial liability is assigned to WellRithms, making disputes manageable and non-threatening for payors.
- **Cost Control:** Helps maintain predictable medical spending by preventing unexpected liabilities from provider disputes.

SHIELD INDEMNIFICATION™

Guaranteeing Our Recommended Payment

HOW IT WORKS

Upon client request, Shield Indemnification™ engages, transferring all financial responsibilities to AMI Indemnity. WellRithms then manages negotiations and settlements, ensuring that payments are just and legally compliant.

- **Trusted Expertise:** Backed by WellRithms' industry-leading accuracy in specialty bill review and repricing.
- **Proven Success:** Demonstrated effectiveness with established case law and favorable decisions across the nation.
- **Complete Peace of Mind:** With the liability transferred, payors enjoy immediate bill closure and no involvement during prolonged state dispute resolutions and litigation.

The only Indemnity
Captive designed to transfer
medical debt
